I hereby agree to receive SMS and / or email communication form SMSolutions

SMSolutions provides a variety of SMS products catering for all your business needs in order to enable easy two-way communication with clients on an individual or bulk basis. The company makes use of direct links into local as well as international networks and gateways. We have several SMPP links with all the local GSM Networks (MTN, Vodacom and Cell C), which enables large volumes of SMS, EMS and MMS messages to be sent immediately on request.

SMSolutions is a web based application that combines the proven technologies of desktop computers, the internet and GSM cellular platforms, allowing you to maintain and send sms messages at the click of a button.

SMS sending can be automated to facilitate the day-to-day running of the business. A FTTP link is set up between the Customer relationship Management (CRM), Credit Control Software or client information database and SMSolutions. Parameters are set to determine the message content and the times these are required to go out.

Features:

- Create your own user groups (unlimited)
- Personalize the messages with your clients personal details
- Schedule message for a future date and time
- Special dates – automated to go out on your clients birthday, anniversary or any other special date
- 2-way SMS, receipts can reply to the sms these can be viewed and downloaded from your reports
- Create and save templates for future use
- Full audit report on all messages sent and delivered
- Create additional users for your SMSolutions account (unlimited) / allocate units
- Send Immediately, diarize, super nag, batch
- Send to a: group, specific quantity, special dates, manually, specific person/s
- Easy upload and maintaining of clients
- Purchase units on line
- Daily support from 8am-5pm

Applications:

Marketing: Advertizing, promotions, new products, specials, price increases, promote website addresses, sales, direct marketing, reach new customers.

Credit Control: Reminders to pay, settlement discounts, minimum installments, RD notifications, suspension of services, cancellations and early warning notifications.

Reminders: Meetings, tasks, follow-up, things to do, events.

Courtesy: Birthdays, Anniversaries, (these can be automated to be sent automatically on the day thank you for you business, please call again, seasonal greetings

Appointments: Confirmation, reminders early warning, re-scheduling.

Reminders: Meetings, tasks, follow-up, things to do, events.

Courtesy: Birthdays, Anniversaries, (these can be automated to be sent automatically on the day thank you for you business, please call again, seasonal greetings.

General: Internal business communication, schedule meetings, reply option, news, relaying messages.

Premium Rated Service:

SMSolutions make use of two-way, interactive competition grid platforms. The platforms have the ability to charge Premium Billing rates over all the Networks.

A number of numbers are allocated to a competition or service to which premium rated SMS messages are sent. These numbers can be standard cellular numbers or short numbers, which can be any available number between 32000 and 42299. These numbers are valid over all the SA Networks.
